RESPONSE TO NOTICE OF MISSING REQUIREMENTS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This document is in response to the Notice of Missing Parts dated September 27, 2006 in the above identified application.

The Notice alleges that the Declaration is defective because it was not executed in compliance with either 37 C.F.R. 1.66 (Rule 66) or 37 C.F.R. 1.68 (Rule 68). This allegation is erroneous. Since the document submitted with the application is a declaration, and not an oath, Rule 66 is inapplicable. Only Rule 68 applies in this case.

Rule 68 states:

Any document to be filed in the Patent and Trademark Office and which is required by any law, rule, or other regulation to be under oath may be subscribed to by a written declaration. Such declaration may be used in lieu of the oath otherwise required, if, and only if, [1] the declarant is on the same document, warned that willful false statements and the like are punishable by fine or imprisonment, or both (18 U.S.C. 1001) and [2] may jeopardize the validity of the application or any patent issuing thereon. The declarant must set forth in the body of the declaration [3] that all statements made of the declarant's own knowledge are true and that all statements made on information and belief are believed to be true. (Bracketed numbering added for clarity).

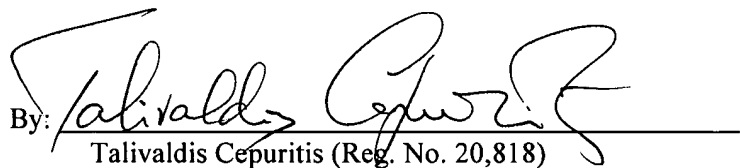

As indicated above, Rule 68 has three main requirements, all of which are met in the present case. The declaration submitted with the application [1] warns the applicants that willful false statements and the like are punishable by fine or imprisonment, or both under 18 U.S.C. 1001, and [2] that such willful false statements may jeopardize the validity of the application or any patent issuing thereon (see page 2 of the declaration in the paragraph just above the name of the first inventor). The declarant also declares [3] that all statements made of the declarant's own knowledge are true and that all statements made on information and belief are believed to be true (see page 2 of the declaration in the paragraph just above the name of the first inventor). The declaration is signed and dated by each named inventor, as well. Accordingly, the declaration submitted with the application meets all requirements of the Rules. A copy of the executed declaration is attached hereto.

The Notice also indicated that a Computer Readable Form (CRF) of the sequence listing for this case must have not yet been submitted. In response, a CRF of the sequence listing is being transmitted concurrently herewith, along with a statement verifying that the content of the CRF is identical to the paper copy of the sequence listing submitted with the application. No new matter is added by the CRF.

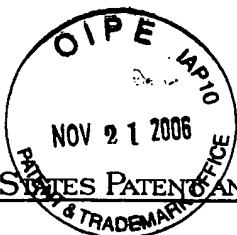

Submitted herewith is a copy of the Notice. Applicants submit that no surcharge is due in this case, since the declaration submitted with the application was in compliance with the Rules. Should the Office determine otherwise, the Commissioner is hereby authorized to charge any additional fees that may be due or deposit any overcharges to our Deposit Account No. 15-0508.

Respectfully submitted,

Dated: 21 November 2006
